Foreword

The Kinderhut Foundation is an International NGO (Non-governmental organization), registered in Indonesia. gives primary interest in the long-term systematic care of disaster victims, including orphan children and destitute women, by integrating them back into a secure family environment in dedicated premises and providing for their requisite individual needs, including quality education, vocational training and domestic support.

The foundation set up the first Kinderhut Village for orphan children and destitute women in Banda Aceh, Indonesia, one of worst hit Tsunami areas in the world. The institution today is home to over 107 children and 12 mothers (destitute women); fulfilling their every requisite need, from education to vocational training and from rehabilitation to reintegration into family structures. Instead of an orphanage, we provide homes to the children bringing the lost confidence in the aftermath of tragedy.

The Kinderhut Foundation is managed and supported by a team of leading professionals and entrepreneurs of diverse nationalities in the United Arab Emirates and respective project sites. The organization is non-sectarian in character and works for the rehabilitation of children in the spirit of the U.N. Convention on the Rights of the Child. The Kinderhut International has a branch office at the International Humanitarian city.

At Kinderhut Indonesia, we are committed to delivering the best services for our beneficiaries. We hope we could progress and moved ahead when compared to previous years. Despite the economic challenges of the past year, our donors, friends and volunteers have continued to support us, therefore we could provide the best services for our children. For which we are all deeply grateful.

This year our work has been endorsed by the Honorable His Excellency Mr. **Gurjith Singh**, the Ambassador of India to Indonesia, during his visit to Kinderhut.

The 2013 Kinderhut Annual report provide you with details of the past year and also a general overview of our activities. In this report we are focusing on the most events of the past year and our look for 2014.

This Annual report will give you an overview of our strategic priorities within higher education and other basic services. In 2103 Kinderhut Indonesia achieved a major breakthrough in various field and will describe in this annual report. We are fully committed and request your continuous support to achieve our mission for children
